

About Me

Nutritionist graduated from UFRJ, master's student in Human Nutrition and postgraduate student in Nutritional Therapy, with experience in research and clinical practice. I work based on scientific evidence and a humanized approach, integrating technical knowledge and sensitivity to promote health, quality of life and nutritional autonomy in different phases and contexts of care.

OBJECTIVE

Work in the clinical and research areas, focusing on maternal and child nutrition, nutritional therapy and palliative care, contributing to the development of safe, ethical and humanized nutritional practices. I seek to integrate scientific knowledge into care practice, expanding the positive impact of nutrition on the health of people and communities.
